ASHLYN RAE

IT'S BEEN TOO LONG

Ashlyn's booty is simply just simply delicious. It's no wonder that Claudio couldn't wait to get a taste of her and then he could not resist to put that cock of his into that tight little pussy of hers. Fucked hard, she moaned and groaned throughout the entire time of the photoshoot. That in itself almost made us cum too.

Across a crowded room . . .

inside her eyes

Her dark eyes pulled me into her. Looking over the shoulder of my companion, who sat across the table from me, I didn't turn away from the stare of the girl across the restaurant. I crossed my left leg over my right to alleviate the prickly feeling in my clitoris, but the pressure only aggravated the itch. Because I had worn nothing under the clinging black dress, I could feel my labia folding in between my legs.

"Yes," I said, as I brought my eyes back to my companion. "Merlot would be fine. Sure."

"Are you okay?" he asked.

"I'm sorry. I was distracted for a minute. I thought I saw someone I knew." I knew I had never seen her before. I knew I wanted to see more of her. I swept her table again and caught her eyes. Again, she drank me into her. I squeezed my legs together and flexed the muscles of my anus and pussy.

Holding her eyes as I stood up, I said, "I have to go to the ladies' room." As I leaned down to pick up my purse, I arched my back and bent forward from my hips so the low-cut top of my dress would fall open and she would see my breasts. When I saw her eyes dip, I was on my way.

In the empty restroom, I went into a stall and put my hand under the flowing skirt of my dress to

feel whether I was as wet as I thought. I was. Then I stood at the makeup counter, took a tube of lipstick from my purse, and started to put some on. I knew it wouldn't be more than a few minutes before she followed me.

When she set her purse on the counter and caught my eyes in the mirror, I lifted my hands to my shoulders and pulled the top of my dress down so it hung from my waist. Cupping my breasts in my hands, I gently squeezed them. Still holding her eyes in the mirror, I raised one eyebrow to ask the question.

"They're very beautiful," she whispered. She pursed her lips slightly as she returned her lipstick to her purse. I turned toward her and took one step, and she put one hand on my breast. She bowed her head and sucked my nipple into her mouth, where she circled it with her tongue and then moved her tongue down my nipple and down the curve of the underside of my breast and down to my belly.

I stood up, took her right hand in my left, and held her fingers to my mouth. Her fingernails were short, unpolished, and well-manicured. I bunched up three of her fingers and put them into my mouth, then circled my tongue around their tips, holding her eyes the whole time.

I hiked up the skirt of my dress and lifted my right foot onto the counter with my knee straight like a ballet student at the barre. Moving her hand between my legs, I let her feel the warm moisture there. Her fingers separated my labia and slid into me, then pulled out and gently traced the underside of my clitoris up to the hood, circled around the outside of it, and then came to the now-hardened, pulsing tip to stroke it just three times lightly.

"I have to get back to my table," she said. "When you've finished eating, join us for dessert and coffee."

She squeezed my hand, and we left together just as another woman came in.

"So, was that your pal?" my date asked.

"Yes. She invites us to join them for dessert and coffee."

The dinner dragged on. I didn't hear more than three or four consecutive words before my mind and eyes drifted to the girl at the round table across the room. I imagined holding

her in my arms, our breasts pressing, kissing, her hands on my butt, pulling my pelvis close, our pubic hair intertwining, moving our vulvas against each other in a slow and deliberate dance.

I flexed and relaxed my right thigh over my left to create a slowly pulsing pressure on my clitoris. Tilting my pelvis into the pulsing, I opened and closed my vaginal and anal muscles in synch with the pulsing of my thigh. I knew that just a slight swing of my leg would send me over or at least close to an orgasm. I couldn't taste the food or the wine.

When my date invited us all to join him for a drink after dessert, I said, "Sheila and I want to go to my place and talk old times. Girl talk. You wouldn't be interested."

After dessert and coffee and awkward attempts at conversation, she and I left together and went to my apartment in her car.

She stood behind me in my bedroom. I was facing the mirror on the dresser, and her back was to the bed. She bent her knees, and her hands grasped the

hem of my dress to pull it off over my head. I bent down from my hips as I had in the restaurant, so she would see my breasts in the mirror. In the mirror I saw her hands stroking from between my legs, tracing the curves of my stomach, under the curves of my breasts, and lightly pinching my nipples before she covered my breasts with her hands. She pressed her

groin into my butt.

I leaned over just a bit farther to answer the pressure of her groin, and her hands slowly traced the path back down to my pubic hair, across the bottom of my belly and between my legs. Her tongue moved lightly down the back of my neck, down my spine, down the crack of my ass. She sat on the bed, both hands grasping the sides of my hips. I grasped the edge of the dresser and moved my parted feet back toward her to open myself for her and her tongue as it ran delicately around my anus and started to probe, warm and surprisingly hard as it moved in and out.

Now her hands moved back between my legs in front, and I began to gasp as she continued to lick my anus and penetrate it with her tongue. She had bunched up the flesh between my legs and was massaging my vulva. My clitoris was feeling the same pressure it had in the restroom at the restaurant but there was no reason to hold back here. My breath came harder and more irregularly.

I stood up, turned around, kicked off my shoes, and lay on the bed with my legs wide open to her. Her tongue lightly traced the inside of my thigh from my knee as her hands opened my labia to her tongue. Her tongue outlined my labia before moving into my pussy to pulse for a few strokes, and then did what her finger had done in the ladies' room: moved from the root of my clitoris, along the bottom side, around the cowl, circling three or four times before it started to flicker on the end of my clitoris.

I pulled her up to me and kissed her. She was fully clothed. I could feel her bra restraining her breasts as we embraced, and her tongue entwined around mine. Her thumb entered my pussy, and her index finger slid smoothly into my anus. She gently clamped her forefinger against her thumb and slid them

both in and out. I let my knees fall to the sides so I was wide open to her as she kissed me and caressed me like that. I stroked the end of my clitoris with tip of my right ring finger till I started to come. I kept coming as she kissed me and penetrated me in every place.

She broke from my embrace and went back between my legs, where she firmly and insistently licked my clitoris with the flat of her tongue until the orgasms began to build on each other like an upside-down pyramid, the bigger ones on top of the smaller ones until my body was quaking in an orgasmic seizure of pure pleasure just on the border of pain.

I don't think I could have stood one more stroke of her tongue when she stopped and rested it, soft and warm but motionless, against my exploded clitoris. She came back to me and kissed me as she put her thumb and index finger where they had been inside my pussy and my asshole to feel the pulsing aftershocks of my orgasms.

She took off her clothes, unfastened her bra, and took her breasts in her hands as she lay on her back

beside me and began to gently masturbate. My pussy was still pulsing when I turned to kiss her. Then I moved my tongue around her lower lip, down her chin, down her throat, across her shoulder, down the crease of her armpit and down her arm to her busy fingers, which were doing to her as she had done to me. One hand was holding her flesh so her clitoris

protruded, and the forefinger of the other hand was circling it, stroking it.

Her clitoris was as voluptuous as her breasts, her hips, her belly, her thighs. Firm and round. Now she used both hands to position her clitoris there as I began to circle it with my tongue. Then she turned over onto her stomach, arched her back, and put her butt in the air. She bunched her fingers, as I had done in the restroom when I put them in my mouth, and started fucking herself on them. Her ass was circling. Behind her, I moved my tongue down her tailbone to her anus and slid it into her, then out, and in again. Then I slid my fingers into her anus and felt her fingers through the wall that separated her pussy from her anus. She started to come.

When she fell to her side, I opened her legs and resumed where I had left off before, circling her clitoris and then stroking it fast and hard until her back arched and she screamed out in the throes of her pulsing, building orgasms. When she fell limp, I embraced her, kissed her mouth, and put my finger and thumb in her to feel her pussy and anus contracting

and pulsing in the aftermath.

Her eyes closed as the spasms became less strong and frequent. I moved my hand to my own pussy and gently stroked myself between my legs, moving between the warm moisture on my thighs up to my labia, along the outside of my labia, around my clitoris, along the crease of my thigh to my belly, and back down. I traced this route several times until my hand

as I soaped her breasts, spread the suds down her stomach, and massaged them into her pubic hair, and washed the insides of her legs. When I leaned back, she followed and I kissed her neck lightly as we let the heat draw the stiffness out of our legs.

We floated in the heat until she stood, and I be-hind her. She turned as she shut the shower curtain to let the water rinse her back while she soaped my

breasts, belly, pubic hair, and thighs. I rinsed as she stepped out to dry herself.

I gave her a pair of my panties to re-place hers and lay naked on the bed again, idly running a finger slowly along the outer edge of my labia as I watched her pull them on, their whiteness stretching tightly over her round ass, wisps of pubic hair curling out from under the front. I watched her lean down to put her breasts into her bra and pull on her clothes.

"I think that must

be the most intense sexual experience I've ever had," she said.

"Me too," I said.

She was looking for her purse. I wrapped a towel around my still-steaming body and went with her into the living room.

She said, "I gotta go," as she picked up her purse from the couch.

"I want my panties back," I said. "Soon."

She laughed as she pulled the knot from my towel and let it fall to the floor. She cupped my breasts in her hands. When she fixed her eyes on mine, they pulled me into her as she had done in the restaurant. They pulled on me as palpably as she'd pulled my labia between her lips while we were making love and said, "Can I return them tomorrow night? Same time?"

I nodded. She pulled my face to hers, kissed me, and moved the hair away from my ear as she whispered, "I'll see you then, lover."

settled on the shorter distance between my clitoris and my pussy-hole. I opened my labia and slid a finger inside to feel the warm moisture there.

When she rolled onto her side with her back to me, I folded myself into her. My knees matched hers, and her butt fit against my pubis. My breasts pressed against her back, and my hands grasped her breasts. I buried my face in her hair.

When she stretched herself straight and rolled onto her back, I rolled onto my back and then turned onto my side to prop my head on my hand and watch. Her body relaxed from the stretch, and she turned to me and stroked my hair and my face on the way to my breasts and down to my stomach. I felt the fluids pulsing inside my pussy again as she moved her hand gently over my calf.

We took a bath together. She tested the water with her toe before committing her foot and then standing in the tub and sitting in it with a gasp from the heat. I sat behind her and felt her back against my breasts

VANESSA DECKER

TOO BAD TO BE GOOD

We've always been huge fan-boys of Vanessa's. She's such a natural beauty with an enormous sexual appetite. Just our kinda girl. We hear that she tells her guys to stick their cocks in as far as they will go, and leave it there. Then she'll work her vaginal muscles in waves and massage that cock inside. Wish we had a camera there.

DID I MENTION I'M ALWAYS HORNY?

888-676-3425

MUST BE 18 TO CALL

she was a quick study, even from the first time together

how long would it take before a coupling?

To signal Dianne that I was ready to come, I increased the pressure of my tongue on her clitoris, and sure enough, I felt an answering increase in pressure from her tongue on my clitoris. I increased the pace from the slow circling motion we'd been using to keep each other on the edge of orgasm to the faster, harder, up-and-down pace that we knew would push us both over.

Dianne had been a quick study from the first time we made love—her first time with another girl. I had taught her how to please me, letting her watch me masturbate in all the ways I like. I pleased her that first time because I had been watching her through her window from my place across the courtyard while she masturbated.

Then I showed her how to do me, every nuance and touch, every motion and place. I let her know how sensitive my anus is to the touch of a finger or a tongue, the different places around and on my clitoris, the difference between firm pressure on the back of my clitoris and gentle pressure on the tip.

So now, as we 69ed, it was like going down on myself. She mirrored every nuance of pressure, motion, and speed, doing to me as I did to her. I felt every motion of my tongue on her clitoris as she did it on mine.

Her clitoris was larger—the largest I had ever seen or licked—and it was excruciatingly sensitive. She neared her peak more rapidly than I did, but I kept her just this side of coming while she brought me along. When her stomach began

to heave, when she gasped for breath, I relaxed the pressure, moved my tongue slowly over her clitoris to the back side to massage the hood, then slowly over the back to the tip, where I would release the pressure and move to the base and then around.

But I knew that as long as both of us were in such control, as long as I could think this way, be aware of and control the motion of my tongue and my hands, be aware of her breathing and the movements of her hips and stomach, as long as she could think the way she was thinking to please me the way she was, we couldn't really turn loose.

It didn't take me long to catch up, and under her tongue, her touch, I was becoming almost as sensitive and fast as she was. We couldn't maintain our embrace, but neither of us wanted to stop then, so we both continued on our own until we were satisfied. We were both gasping for breath, making sounds some-

where between laughter and crying, sounds of ecstasy that we had learned to expect from each other. Here in my bedroom we didn't need to try to stifle them. I saw her legs trembling and knew mine were doing the same as I felt another orgasm overtake me.

After we caught our breath, I turned around so my head was toward the head of my bed and kissed her hard on the mouth. Our tongues met, and hers, hard and long, slithered between my lips, probing into my mouth and twisting around my tongue. A long, hard kiss.

BLAIR-NTS-09

doing was so good and so tantalizing at the same time. It was so good because it was like masturbating; I was in control of every shade of motion, pressure, speed. But because I was doing her at the same time, and because we wanted to come together, we both lost control at the same time, and we couldn't push ourselves to that extreme that pleased each of us so much, that extreme place where we were out, in orbit, floating in another dimension.

It was the same problem with masturbation. When we came, we were

so convulsed that we lost control of our fingers and couldn't continue the incessant pressure and speed that we knew would put us into orbit. She tried it with her vibrator once while I watched from my window, but she dropped the vibrator when she started to come.

It was the same problem. So we kissed. We embraced, our breasts pressing against each other's, my butt thrusting my pubis against the returning pressure from hers as we both tensed and relaxed in unison. We were both wet to our knees. When I turned her over on her back, her legs opened, and I kissed her long and hard on her mouth while she opened her pussy with her hand and started massaging her clitoris, moving between her clitoris and her pussy-hole. As I felt her start to come, I held her left breast in my right hand, squeezed it, and made my tongue hard in her mouth. She was panting with pleasure. I reached my hand from her breast down between her legs, put my hand over hers to feel her motion on herself. She grasped her other breast hard to show me what she wanted. I increased the pressure of my hand and felt her nipple against my palm as I squeezed again.

She turned over on her stomach, raised her butt in the air, rotating it around, and started fucking her fingers, her beautiful ass up in the air going around and around as she plunged down on her bunched-up fingers. "I need to be full," she said. "I need to be

fucked." I moved behind and started running my tongue around the pink skin of her anus, feeling each little wrinkle as it spiraled toward the center. I followed those spirals with my tongue and made it stiff as it had been in her mouth, and probed into her anus.

She was over the edge by now, having one orgasm after another. "That was nice," she said. "Use a finger now," and I probed her anus with my forefinger, bringing the wetness up from her pussy. "More," she said. "Give me more. Stretch me wide open, lover,

stretch me open. I want you inside me." I put in two fingers, then three.

She kept writhing on her fingers, fucking them after she came, her butt rotating in the air. "Oh man," she said, turning over on her back, spreading her legs to open her pussy to me, holding it open with her hand, "I need my pussy full too, lover."

She grabbed a dildo from the nightstand and didn't hesitate, didn't use any subtlety but plunged it into her pulsating wet pussy and started fucking herself with it. She shuddered into an orgasm and said, "I want to fill my asshole." She raised her knees up to her head, wide open, and began to put the dildo, slick with her pussy-juice, into her anus to fuck herself in the butt with it.

She said, "Help me. You fuck my butt, lover. You fuck my butt." I grasped the end of the dildo and started fucking her with it, harder and faster, as she panted. "Wait," she said, and I pulled the dildo out as she turned over on her stomach again. Lifting her exquisite butt into the air, she said, "Fuck me, lover, fuck me," and I obliged. She had the fingers of one hand in her pussy where she was fucking them and the others on her clitoris where she was stroking it.

Her face was buried in the pillows now. I gently moved the dildo in and out of her anus as she writhed around on her fingers. She said, "Oh, yes, that's it, fuck my butt," and continued to fuck her fingers as she

When I turned her over on her back, her legs opened, and I kissed her long and hard on her mouth while she opened her cunt with her hand and started massaging her clitoris...

started to come again. "Don't stop." So I didn't. "Don't stop," she said, gasping for breath.

I continued until her orgasms began to chain together, to build on themselves, and her body started to tremble, to quake, and lost control and fell to her side. She gasped, "Do me, lover. Do me with your tongue and push me over the edge. Push me over."

I pulled out the dildo-stick, turned her on her back, opened her legs, and went down on her hard and fast. I pressed the flat of my tongue hard on her engorged clitoris, big and hard and erect, and moved forward and back on it faster and faster, harder and harder, to keep her coming constantly. She was squirming under my tongue and I was matching the rotating thrusting motions of her hips with my tongue.

When she squeezed my head between her legs, I didn't let up. I wanted to give her what she had asked for—for her to lose control of more than her body. I knew she wanted to be out of her mind as well. She stopped the thrusting and tensed her legs as her body began to shudder from head to foot.

My tongue went faster and faster, pressing harder and harder till it began to hurt, but I didn't relent. Her body was still trembling uncontrollably, her back arching up in spasms, her breath coming in gulps and gasps as she called my name and choked off her screams. I held my hands on her waist and felt her sharp and irregular inhalations speed up until she couldn't catch her breath at all and was just making small, jerky inhalations without exhaling in between.

She arched her back in a last paroxysm of out-of-control, insatiable lust and went limp in my arms, under my tongue. She was slippery from her navel to her knees, covered with pussy-juice. I gently licked her clitoris, then pressed my tongue on it firmly but didn't move it. When I was satisfied that she was out, I kissed her mouth gently.

Pleased with myself, I lay beside her and stroked my own clitoris with my fingers until she began to stir, about half an hour later. Then she nudged me onto my back, and I felt her lips around my labia as she sucked them into her mouth. Her tongue was going around on them, moving between them. It went down to my anus, circled my anus, probed it without entering it, circled it again, and then lingered between my anus and my pussy, going back and forth slowly, insistently.

Finally she moved between my labia, along

the underside of my clitoris, hard now from her attentions, and around it. Around and around she went, as I had shown her with my fingers, as I had taught her with my tongue. Gently at first, and then more insistently. Then the tip of her tongue was barely touching the end of my clitoris, trilling on it like making an "r" in Spanish, trilling my clitoris like the wings of a butterfly against the sky.

That's when I started to come seriously. The flat of her tongue was running along the length of my clitoris, the pressure increased, the pace increased too in synch with my hips as I thrust my clitoris against her tongue, grinding against it. I heard myself shouting out, gasping and choking sounds halfway in my throat as she continued and picked up the pace.

I don't know what else she was doing; I didn't care about anything in the world except what was happening to my clitoris, about her tongue matching my thrusts and grinds and speeding up the pace, pressing more insistently, harder and harder against my clitoris until there was no space between the orgasms.

I was in one long spasm of uncontrollable passion, my body responding to its own currents as I gave up the struggle for control and everything went black and all I could hear was the sounds of the nothingness that surrounded me; all I could feel was the enveloping of warm, black oblivion.

I continued until her orgasms began to chain together, to build on themselves, and her body started to tremble, to quake, and lost control and fell to her side.
